Hi Erin,

I just tried to find that mans' phone number on the internet and came up with a surprising blank. I am sure we are invited to the party so I wouldn't worry about that and I myself have it on my calendar already. Based on the chat I had with Jeffrey Shu it seems that they are trying to convene people (same as us) to streamline comment development and also coordinate.

Hey Valentina,

You may have already done this, but it would probably be a good idea to call John and just have a quick talk with him about this Aug 14 meeting and where they're at with any kind of joint-recommendation to the state board on SJ Flows. Maybe we could join the party?

Subject: Next Agency Coordination Meeting on SWRCB Delta WQCP update and SJR Trib Accord August 14th at 1:00 - 4:00

Hi All,

This is a follow up to last Tuesday's meeting. I have attached an excel file with two worksheets. One ("submitted previously") is a start one getting our agencies respective submitted quantifiable objectives for the San Joaquin River flows in one place. I've copied DFG's summarized objectives from the State Board's Flow Criteria Report Appendix and then left spaces for USFWS and NMFS. I maybe able to get the others out of the appendix in the near future, but didn't get that far yet. The second worksheet ("new format") has a blank table that maybe a good way for us to put together or thoughts. I would like to get feedback on this to see if we can come up with something.

Next, I have attached a new draft of the framework for our Biological Goals and Objectives. This incorporates Jeffrey's notes and my scribbles, but there were lots of ideas that were tossed around that could still be included. Please take a look at this a send along your comments. The breakout work group will compile and get this back out for our next meeting.

Finally, here are some important documents (links):

State Board Flow Criteria:

[http://www.waterboards.ca.gov/waterrights/water\\_issues/programs/bay\\_delta/deltaflow/final\\_rpt.shtml](http://www.waterboards.ca.gov/waterrights/water_issues/programs/bay_delta/deltaflow/final_rpt.shtml)

DFG's Flow Criteria (Quantifiable Biological Objectives and Flow Criteria ...):
